Director's Note

A shimmering, glowing star in the cinema firmament!

I hope we can all agree that Singin' in the Rain is one of the single most iconic (if not literally one of the greatest) films ever made. As a result, I would propose to you that you simply cannot separate this musical from the ever-present shadow of the 1952 film and the definitive performances of Gene Kelly, Donald O'Connor, Debbie Reynolds, and the rest of the remarkable original cast. So, at this performance, we will not even feign to attempt such a foolhardy endeavor.

Instead, we invite you to join us as we embrace and share with you our deep love and admiration for all the "glorious feelings" that are stirred up by the beautiful melodies, hilarious jokes, larger-than-life characters, occasional (nonsensical) ballet sequences, and brilliant dancing (oh the brilliant dancing!!!) of Singin' in the Rain.

Simply put, this production imagines what might happen if a group of super-fans took it upon themselves to recreate this classic movie-musical on the fly; using only the costumes, props, and bits of stage magic that they can conjure up in an old movie theater.

I think most of us have at least one film that we so adore and have watched so many times that we could probably recite nearly every word by heart. I also suspect that there are more than a few people for whom one of those films is Singin' in the Rain!

So, join us as we pay homage to a cinema classic, a musical masterpiece, and a work of art that has been bringing joy to audiences for over 70 years. Because when you have a "song in your heart"...nothing can keep you down and truly anything is possible!
